Email: aamoddev23@gmail.com

Mobile: +91 6392945470

SKILLS

Databases:	PostgreSQL, Redis, MySQL, MongoDB
Frameworks & Libraries:	Scikit-learn, XGBoost, PyTorch, Transformers, FastAPI, Flask, React, Next.js, Node.js
Programming Languages:	Python, JavaScript, TypeScript, Java, Go
Tools & Platforms:	Kubernetes, Git, GitHub, CI/CD, Linux, AWS, Azure, Azure DevOps
Soft Skills:	Communication, Leadership, Adaptability, Collaboration

WORK EXPERIENCE

Futurense Technologies Junior Data Engineer Intern	Jun '26 – Jul '26
● Implemented System-Assigned Managed Identity for Azure Data Factory, removing access keys/connection strings across all linked services. ● Configured Azure Key Vault with environment-scoped access policies, isolating secrets across Dev, QA, and Production. ● Eliminated 100% of hardcoded credentials from pipeline JSON and Git via Managed Identity authentication. <i>Technologies / Skills Used: Python, Git, GitHub, Azure, Azure DevOps, Azure Data Factory, YAML</i>	

Open Source Contributor Kubernetes SIGs Headlamp	Jun '26 – Present
● Delivered 5+ merged PRs improving frontend reliability, Electron behavior, security, and large-cluster performance. ● Improved multi-user security with process-ownership validation and 4 unit tests, preventing cross-user process termination. ● Added 5+ regression tests covering corrupted localStorage, zoom persistence, and large-cluster resource polling. <i>Technologies / Skills Used: Go, TypeScript, Electron, Kubernetes, Node.js, Vitest, Git, GitHub</i>	

PROJECTS

Kube Sched Lens GitHub	Aug '26 – Present
● Built a Kubernetes GPU debugger in Go/React, cutting MTTR by 75% (<2s vs 15m) via correlating 4+ DRA objects with live events. ● Engineered an event-driven engine (Go client-go + WebSockets) streaming updates across 500+ pods in <50ms, cutting API polling by 90%. ● Built an automated root-cause engine across 100+ accelerator nodes, preventing \$20k+/month in stalled ML compute. <i>Technologies / Skills Used: Go, Docker, Kubernetes, Electron, React, TypeScript, Vite, WebSockets, REST</i>	

Tsxtract GitHub	Aug '26 – Aug '26
● Built a Rust-core Python library (PyO3 + rayon) extracting 33 time-series features in parallel with zero-copy NumPy integration. ● Delivered up to ~14,000x faster batch throughput than tsfresh, benchmarked via automated GitHub Actions CI. ● Shipped cross-platform PyPI wheels (Linux/macOS/Windows, Python 3.10+) backed by property-based testing. <i>Technologies / Skills Used: Rust, Python, PyO3, NumPy, rayon, maturin, pandas, pytest, GitHub Actions, PyPI</i>	

Price Prediction Pipeline GitHub	Jun '26 – Jul '26
● Built a regression pipeline on the Ames Housing Dataset (2,930 records, 82 features) for house price prediction. ● Achieved R² of 0.920, RMSE of 0.106, and MAE of 0.073 using ensemble learning and cross-validation. ● Automated data preprocessing and model evaluation to boost accuracy and robustness. <i>Technologies / Skills Used: Python, XGBoost, scikit-learn, Pandas, NumPy</i>	

TRAINING

Amazon ML Summer School Amazon	Jul '26 – Aug '26
● Selected nationally; trained on advanced ML concepts by Amazon scientists (deep learning, probabilistic models, production-scale ML). ● Built and optimized ensemble/real-time inference pipelines achieving 97.15% accuracy and <50ms latency across 82K+ records.	

CERTIFICATES

Google Cloud Computing Foundations Certificate Google Cloud	Mar '26
Oracle Cloud Infrastructure 2025 Certified AI Foundations Associate Oracle	Oct '25
Google Cloud Badge Holder Google Skills	Apr '25

ACHIEVEMENTS

- Ranked 13th of 3,355 teams (**top 0.4%**) in Kaggle's "**Predicting Student Health Risk**" competition with a leaderboard score of **0.95081**.
- Ranked **#1 Mentor** in **GSSoC '26** for mentoring open source contributors.
- Ranked among the **Top 50 performers** in **Elite Coders Winter of Code (ECWOC '26)**.
- Mentored open source contributors across **GSSoC '26, SWOC '26, ECSOC '26, and OSCG '26**.

EDUCATION

Lovely Professional University	Phagwara, Punjab
Bachelor of Technology – Computer Science and Engineering; CGPA: 7.3	Aug '24 – Present
Sacred Heart Higher Secondary School	Sitapur, Uttar Pradesh
Intermediate; Percentage: 74	Mar '23 – Mar '24
